Subject: Letter of recommendation to accept a student for Internship Assignment

Dear Mr. Limon Safayet,

We would like to inform you that one of our graduating students is highly interested to complete an internship with an organization for a minimum of 4 (four) months and this assignment is designed to help students move smoothly from the classroom situation to the workplace.

We are sending Mr. Hasnain Ahemed Miraj, Stud_ID No: 18300065 from the 14th batch of CSE, who is interested in doing an internship in your organization. This is his last semester to complete the B.Sc. in Computer Science and Engineering program. He will be able to start his internship from July 2023.

Your cooperation in this regard is highly appreciated.

Thank you.

Sincerely,

Dr. Kingkar Prosad Ghosh

Associate Professor & Head of the Department
Department of Computer Science & Engineering
Ranada Prasad Shaha University
